Peterson This is a very old fashioned story that tells stories month by month of what this family used to do to celebrate things. The illustrations are fantastic and often brought me back to that world as a child. I was always hoping the 'July' story would happen for my birthday. This book fits well with Tasha Tudor's other book The Doll's Christmas. I also love to find the corgi dogs in each book. 2 of 2 people found the following review helpful. wow...very cool book with great ideas for fun traditions By TorWow....sending a birthday cake floating down a river with candles....magical much??? There were homemade valentines and Easter eggs, Fourth of July picnics and family birthdays. Thanksgiving brought visits from relatives -- so many, the children had to sleep in the barn! And finally there was Christmas, the best of all "times to keep," with handmade presents, an Advent calendar, and a "beautiful tree in a shine of candles." Month by month, Tasha Tudor's delicate illustrations bring to life the holidays of an earlier time. A warm-hearted celebration of family and tradition, this treasury of "times to keep" will be cherished and enjoyed all year long.

This arrived too late for more timely holiday mention but deserves year-round inclusion, pairing Tudor's classic drawings with a treatise on holiday traditions from around the world; from homemade valentines and Easter eggs to family celebrations. -- Midwest Book About the Author Tasha Tudor (1915-2008) was a Caldecott artist with more than ninety books to her credit.
