From Brand: Society of Amer Archivists : American Archival Studies: Readings in Theory and Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised American Archival Studies: Readings in Theory and Practice:

0 of 0 people found the following review helpful. A bit datedBy D. MinkUsed this for a Manuscript Archives class. Most of the articles are from the 1980s and 1990s, so it's far behind the technology advanced. That being said, it does provide a sounding in what it takes to be an archivist.0 of 1 people found the following review helpful. Five StarsBy ZakNeeded for school.5 of 5 people found the following review helpful. Useful primer in the subjectBy MannnnnnThis collection of essays is a good introduction to fundamental theories of Archival Studies and Practices

for the new student as well as containing some particularly interesting articles on the different aspects of the archival profession. It is a resource that will remain on my shelf for years to come.
