Joint Steering Committee for the Revision of AACR : Anglo-American Cataloguing Rules 2, 1998 Revision

before purchasing it in order to gage whether or not it would be worth my time, and all praised Anglo-American Cataloguing Rules 2, 1998 Revision:

The first volume of this integrated set is a revision of the Anglo-American Cataloguing Rules. It includes the complete text of "AACR2" and all revisions since 1988, integrating the "1993 Amendments" and all further amendments approved up to the end of 1997. It also contains rules and examples for nonprint materials, wider coverage of material for the visually impaired and revised appendixes and glossary. This second edition is available in parallel print and electronic formats allowing users to move freely between the paperback and CD-ROM to suit their needs. The second volume contains the Amendments for 1999 and 2001.
