**Carolyn Brown Heinz : Asian Cultural Traditions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Asian Cultural Traditions:

0 of 0 people found the following review helpful. super easy readBy L. TorresGot this book for Asian Culture class, super easy read, informative. Easy class. Can rant on and can get dull tends to go on and on for some of the chapters.0 of 0 people found the following review helpful. Easy to understandBy IdaNeeded for school course. Easy to understand.0 of 0 people found the following review helpful. GoodBy dxsmilesThe book itself is pretty good

Lucid. Magisterial. Subtle. Engaging. This remarkable book has pretty much everything going for it. "If ever there was a time when Asia could be ignored, that time is not the present." Thus begins the opening chapter of this important contribution to our understanding of the bewildering diversity that has existed and continues to exist in the cultures of South Asia, East Asia, and Southeast Asia. The first survey of its kind ever published, this volume reflects a great deal of knowledge, thought, curiosity and style. Heinz, in a single, brief book, pulls together some of the major cultural strands by which people in Asian societies have organized their collective life and made their lives meaningful. Heinz effectively brings a range of disciplines into her account, drawing from anthropology, history, geography, linguistics, religious studies, art history, world literature, and political science. Title of related interest also available from Waveland Press: Pa Chin, Family (ISBN 9780881333732).

"An excellent, broad-yet-engaging book that will serve as a compelling text for my Intro to Asian Studies class." --  
Kathleen M. Adams, Loyola University, Chicago
