**Chitrita Banerji : Bengali Cooking: Seasons and Festivals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bengali Cooking: Seasons and Festivals:

0 of 0 people found the following review helpful. What a surprise By Clementine I skimmed several reviews before purchasing, but did not paint a picture of how few recipes are in this book, how hard to find they are (all Bengali names, so you have to follow the index, then read the recipe in narrative form, to find out if it's the sort of thing you're looking for), and then quite difficult to follow. I'll keep looking! 1 of 1 people found the following review helpful. A

dash of Bengali cultureBy joiseyshowaaThis book exudes a feeling of home. The author takes you on a journey through her memories of Bengal life. Her smiles shine from the page when she gets a chance, for example, to describe her grandmother's unique touches on these recipes.This is far from a traditional cookbook. Sure, you'll find recipes. But not before you learn about the season, the festival, a bit about her family, and what crops are available at that time of year.While she makes the attempt to offer a window both into Hindu and Muslim world, the book flows more natural when she's discussing her own Hindu past. She is careful to describe "East Bengal" (Bangladesh) Muslim traditions as well, but sometimes it feels like it's just dropped in for completeness.I'll have to allow that this is not the easiest recipe book you'll find. Sometimes the recipes leave a bit of room for interpretation.That doesn't take away from the wonder of this book. It's a celebration of life in the Bengal states. The traditions. The family. And, oh yes, the food.0 of 0 people found the following review helpful. One StarBy ELEANOR NEIGHBOURNot impressed at all it's more of history lesson then recipes. This one going to the donation pile.

Chitrita Banerji presents recipes from Bangladesh and West Bengal in India.
