I just started to use it but I know I'm going to love it! I would love to see it as a spiral book as that would make it even better! I would recommend this journal.

BettisJust what I have been searching for!

Birthday Tracker and Journal is a special place to record important birthdays for family, friends, and others, month by month. It includes an informative introduction on birthday celebration traditions and lists birthday birthstones and flowers by month for gift-giving considerations. There is also a place to keep track of birthday cards or presents that you send, or receive, lined blank pages for your birthday reflections, and a place for birthday photos. Color illustrations by author/artist Jan Yager appear throughout. This unique book is a perfect gift or for one's own use to organize this special birthday information.
