**From Merl Storr : Bisexuality: A Critical Reader** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bisexuality: A Critical Reader:

Bisexuality: A Critical Reader presents the essential primary texts on bisexuality from the last 100 years in an easy-to-read format. Exploring this often controversial concept from a range of perspectives, this book places bisexuality in its

historical and cultural context and explores its many meanings and uses. Merl Storr's introductions give a straightforward overview of the texts included and sets them clearly in the context of debates on bisexuality. This collection includes pieces by: \* Henry Havelock Ellis\* Sigmund Freud\* Alfred C. Kinsey, Wardell B. Pomeroy and Clyde E. Martin\* and Hln Cixous.

"One of the greatest successes of this book is to convince the reader that the meaning of the term [bisexuality] is decidedly not self-evident... Those who are curious and want to know about bisexuality without the triple X content will get a thorough and satisfying introduction. Students, scholars or anyone with an interest will also find the book is a source for further research... For the humanist or anyone interested in promoting a world that is accepting of plurality, reading this book is worth the effort."-R. Dorling Rouse, "Humanist in Canada, Summer 2001 ..."  
"Merl Storr has combined theoretical and empirical writings on bisexuality from a variety of disciplines, resulting in an excellent source for examining not only the subject of bisexuality, but also the research itself.."-Jessica Nathanson, University of Buffalo, August-December 2000 ...  
"the collection is a worthwhile one, and would be quite useful for graduate and advanced undergraduate courses.."-Jessica Nathanson, University of Buffalo, August-December 2000  
About the Author  
Merl Storr is Lecturer in Sociology at University of East London. He is co-editor of *The Bisexual Imaginary: Representation, Identity and Desire* (1997).
