Sandy Donovan : Bob the Alien Discovers the Dewey Decimal System (In the Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bob the Alien Discovers the Dewey Decimal System (In the Library):

Bob is from planet Plainold, where they have just discovered spiders. But planet Plainold doesnt have books, so Bob has traveled to Earth to find books about spiders. Join Allison Wonderland as she teaches Bob how to use the Dewey Decimal System to find books about spiders and much more!

From School Library Journal Grade 24 These attractive volumes will be a boon to librarians seeking fresh material to use when introducing library basics. Each book couches the relevant information within the framework of a story, adding significant interest to what is otherwise potentially dry material. In Bob, Alison Wonderland introduces an interplanetary visitor to standard library organization. The text is clear and logical and punctuated by Bob's amusing observations. Bored Bella compares and contrasts fiction and nonfiction as the librarian (Ms. Paige Turner) slowly but surely captures the child's attention. Pingpong Perry follows the path of a book from the initial inspiration to the publicity that follows publication. Karl and Carolina examines the various components of a book on dinosaurs. The

brightly colored, digitally rendered illustrations feature a multiethnic cast of characters and have plenty of kid appeal. Grace Oliff, Ann Blanche Smith School, Hillsdale, NJ (c) Copyright 2010.
