Gurinder Singh Mann, Paul Numrich, Raymond Williams : Buddhists, Hindus and Sikhs in America: A Short History (Religion in American Life) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Buddhists, Hindus and Sikhs in America: A Short History (Religion in American Life):

3 of 3 people found the following review helpful. Wonderfully informative...By Sandra AllenAn excellent resource book and a very easily understood read. The subject is covered well and I am utilizing it in my Sociology of Religion classes. For those seeking a sound an over all compilation of basic information, I whole heartedly recommend this book.

Buddhists, Hindus, and Sikhs in America explores the challenges that Asian immigrants face when their religion--and consequently culture--is "remade in the U.S.A." Pepered with stories of individual people and how they actually live their religion, this informative book gives an overview of each religion's beliefs, a short history of immigration--and discrimination--for each group, and how immigrants have adapted their religious beliefs since they arrived. Along the way, the roles of men and women, views toward dating and marriage, the relationship to the homeland, the "brain drain" from Asia of scientists, engineers, physicians, and other professionals, and American offshoots of Asian religions, such as the Hare Krishnas and Transcendental Meditation (TM), are discussed.

About the AuthorGurinder Singh Mann is a Professor in the Department of Religious Studies at the University of California at Santa Barbara. Paul Numrich is Chair of the Program in World Religions and Inter-Religious Dialogue, Theological Consortium of Greater Columbus, Oh and Research Associate Professor in the Department of Sociology at Loyola University in Chicago.
