Jerry Saye : By Jerry Saye - Manheimer's Cataloging and Classification, Fourth Edition, Revised and Expanded (4th Edition) (8.10.1999) before purchasing it in order to gage whether or not it would be worth my time, and all praised By Jerry Saye - Manheimer's Cataloging and Classification, Fourth Edition, Revised and Expanded (4th Edition) (8.10.1999):

0 of 0 people found the following review helpful. A very confusing explanation to cataloging. I worked closely ...By Hannah KolesarA very confusing explanation to cataloging. I worked closely with a professional cataloger who was also unsure why the book was structured the way it is. A disappointing text (used in a disappointing class). However, I ultimately don't know if there are any cataloging books out there that do a clearer job of teaching the subject.0 of 0 people found the following review helpful. If you learning how to catalog the best thing is to search onlineBy CustomerIf you learning how to catalog the best thing is to search online. This resource is useful, but you will learn quickly it is not the only resource you need.1 of 1 people found the following review helpful. This Book Grew On Me as the Class ProgressedBy bookcat1962This was a required book for a graduate cataloging course. At first I was very overwhelmed by the book but as time went on, I appreciated having it as a resource.The book is heavy on examples but there is not a lot of text that tells you HOW to catalog. However, the AACR2 book, the information from the professor and various online resources like MARC21 and OCLC web sites filled that gap.The various types of

examples illustrated are what makes this book a winner.
