Greg Dues : Catholic Customs Traditions: A Popular Guide (More Resources to Enrich Your Lenten Journey) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Catholic Customs Traditions: A Popular Guide (More Resources to Enrich Your Lenten Journey):

0 of 0 people found the following review helpful. Good companion book for catechumens By Jon Siragusa I read this

book in my early days of RCIA and found it so helpful that I decided to purchase my own copy. It gives a very good overview of the Catholic Faith, but never dwells long on any particular subject. Common questions are addressed from start to finish. Students looking for something more nuanced might also enjoy *The Aquinas Catechism*. 0 of 0 people found the following review helpful. Very good reference. I would like to have even more ...By N. Davis Very good reference. I would like to have even more added particularly on traditions that were lost with Vatican II such as veiling. Overall however very nice ready and good to have for reference. 1 of 1 people found the following review helpful. Now I know why !By Outback Annie Good reading and reference book for all interested in the customs and traditions of the Catholic Church. It is broken down into the liturgical year and explains the customs and traditions of different parts of the world.

This newly revised, expanded edition answers the questions most commonly asked by both Catholics and non-Catholics. Dues outlines traditional Catholic religious history, gives an engaging overview of the rich variety of customs associated with Advent, Christmas, Holy Week, and Lent, and provides a thorough understanding of why Catholics practice their faith the way they do.
