Sioshitsu Sen : Chado: The Japanese Way of Tea before purchasing it in order to gage whether or not it would be worth my time, and all praised Chado: The Japanese Way of Tea:

2 of 2 people found the following review helpful. It is beautifully written, clear and interestingBy JenInJapanThis book was used as the basis for instruction in the tea ceremony at a tea house in my home town of Iwakuni, Japan. It is beautifully written, clear and interesting. Even the "historical" parts, which our sensei apologized for as being rather dull, were intriguing. I had the privilege of serving as the shokyaku, or First Guest, and the book helped me to learn my responsibilities in that role, which in turn made the experience that much more meaningful.If you ever get the opportunity to attend a Japanese Tea Ceremony, by all means do so. It is a wonderful experience - calm, serene, comforting in its precision and ritual, and at the end you will be refreshed and revitalized.0 of 0 people found the

following review helpful. Elementary ChadoBy roban excellent introduction to a very complex series of physical and emotionsl moves.0 of 0 people found the following review helpful. Five StarsBy C. MerrillVery thorough resource for a specialized art and cultural treasure.

Chado is one of the foundations of Japan's remarkable culture. Its long history dates from the seventh century, when the Japanese first imported tea from China.
