From University of Texas Press : *Chicano Politics and Society in the Late Twentieth Century* before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Chicano Politics and Society in the Late Twentieth Century*:

1 of 1 people found the following review helpful. Great Book By Albert Herrera Highly informative and content was excellent. Highly recommend this book...2 of 3 people found the following review helpful. nice poli sci anthology on no. 1 Latino group By Jeffery Mingo This is a book of sharp poli sci articles about Chicano political concerns. The range of topics is broad: affirmative action, mayoral elections, immigration matters, even revolutionary theater. This

would be a great book for Latino or ethnic studies majors to have in their personal libraries. I have one criticism: some of the articles are long on description and short on analysis. Further, don't let the title fool you. Talking about the "late 20th Century" may seem passe now. However, the issues brought up in this book are especially important still in the new millenium. This book would be great for Latino political science majors as well.

The various protest movements that together constituted the Chicano Movement of the 1960s and 1970s urged a "politics of inclusion" to bring Mexican Americans into the mainstream of United States political and social life. This volume of ten specially commissioned essays assesses the post-movement years, asking "what went wrong? what went right? and where are we now?" Collectively, the essays offer a wide-ranging portrayal of the complex situation of Mexican Americans as the twenty-first century begins. The essays are grouped into community, institutional, and general studies, with an introduction by editor Montejano. Geographically, they point to the importance of "Hispanic" politics in the Southwest, as well as in Chicago wards and in the U.S. Congress, with ramifications in Mexico and Central America. Thematically, they discuss "non-traditional" politics stemming from gender identity, environmental issues, theatre production, labor organizing, university policymaking, along with the more traditional politics revolving around state and city government, the Congressional Hispanic Caucus, and various advocacy organizations.

"One of the first critical assessments of many events and issues related to Chicana/o politics after 1975, i.e., after the height of the politics associated with the Chicano Movement.... The range of issues and topics examined will assuredly guarantee a wide readership." (Luis Ricardo Fraga, Associate Professor of Political Science, Stanford University) "One of the first critical assessments of many events and issues related to Chicana/o politics after 1975, i.e., after the height of the politics associated with the Chicano Movement.... The range of issues and topics examined will assuredly guarantee a wide readership." (Luis Ricardo Fraga, Associate Professor of Political Science, Stanford University) About the Author David Montejano is Professor of Ethnic Studies and History at the University of California, Berkeley.
