**Allan Berube : Coming Out Under Fire** before purchasing it in order to gage whether or not it would be worth my time, and all praised Coming Out Under Fire:

0 of 0 people found the following review helpful. Best book on the LGBTQ community in WW IIBy wazzouzBest book on the LGBTQ community in WW II. Well researched and written in a smart style. Highly recommend. Thank you to Allan Berube for having the vision to write such a scholarly and credible book.0 of 0 people found the following review helpful. A foundational text in gay historyBy Mike BarnesBerube has a wealth of interviews,

illuminating gay life before, during and after World War II, the intricacies of medical and official policies, and the huge part the war made in changing gay history.0 of 0 people found the following review helpful. Good historyBy Steven CottrellThis historical revue is a good source in itself and its bibliography of history of same sex couple during the Second World War. We already know of the draconian methods used to ferret out those deemed "undesirable". It is a tribute to those who served our armed served.

Despite the many histories of the fighting men and women in World War II, none has been written about the estimated one million homosexuals. Here is a dramatic story of these people, revealing the history of the anti-gay policy pursued by the U.S. military authorities in World War II. Two 8-page photo inserts.
