for 2016. It is a MUST HAVE!!By Alvin A. HolderThis is the BEST thing for 2016. It is a MUST HAVE!!

At a time when students are bombarded with a seemingly infinite variety of information sources, this invaluable guide helps them build the skills they need to distinguish good sources from those that are less reliable.

"Overall this is an excellent resource for students embarking on research. It covers all the main points, and the content and writing style are engaging, as are the activities." - Australian Library Journal  
"This small, readable book is packed with information and takes the reader through the entire research process from selecting a topic to evaluating the final project. . . . This is a quality addition to the information literacy collection." - Library Media Connection
