Denise M Alvarado : Conjure Digest (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Conjure Digest (Volume 1):

The Conjure Digest is a weekly periodical of articles written by Denise Alvarado and published by Creole Moon Publications. In this first issue: OFF WITH HIS HEAD! There is an untold story about St. Expedite on the island of Reunion; on closer look, decapitated St. Expedite statues can be seen dotting the plethora of quaint, yet curious, roadside shrines. Turns out his head is a coveted conjure curio by sorcerers there. LEGENDS OF THE CROSSROADS It is said that in order to master a particular skill, one may go to a CROSSROADS and meet a "black man," presumably Legba though often mistaken for the Devil, who will bestow upon one the desired skills. But, did you know that crossroads used to be the place where criminals were executed and suicidees were buried? And, just what was Hecate's role at the crossroads in ancient Greece? MAGICKAL ALPHABETS Magickal alphabets have been

used for centuries by magicians and witches for codifying spells and other purposes. Find three different magickal alphabets in this issue. THESE SHOES ARE MADE FOR CONJURE One of the oldest and most common forms of conjure in the South involves the use of shoes in some fashion or other (pun intended). Shoes are easy to work with, they are an everyday item, and they are often readily available.

About the Author "Here's the dope: Denise Alvarado is a true hoodoo mamba home girl who burned hi-octane conjure in New Orleans where she grew up, and on visits to relatives in the Mississippi bayous, where she was formally introduced to the Voodoo/hoodoo path. Called by the spirits and taught conjuration by family members, she was working the goofer from five years old. That's some serious heat. Denise is no pretender. She's for real. She fixes the formulas, raises the spirits, calculates the mathematics, and works wonders at the old dirt track crossroads." -Doktor Snake, author of Doktor Snake's Voodoo Spellbook
