Michele Gorman, Tricia Suellentrop : Connecting Young Adults and Libraries: A How-To-Do-It Manual, 4th Edition (How-to-Do-It Manuals) (How-To-Do-It Manuals (Numbered)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Connecting Young Adults and Libraries: A How-To-Do-It Manual, 4th Edition (How-to-Do-It Manuals) (How-To-Do-It Manuals (Numbered)):

0 of 0 people found the following review helpful. Great for Youth Literacy Workers and StudentsBy
GlitterMuffin915Great for those studying or who work in the Library field, or for those who work in positions

involving literacy and young adults. Lots of valuable information about how to teach to the interests of young people, ideas for encouraging literacy and involvement, and lots of information about the inner working of libraries, library programs, and specifically youth programming. This version is now out-of-date in 2017. It references Myspace quite often, and in context, feels outdated in that regard. However, the lessons can be carried over to new social media outlets. 0 of 0 people found the following review helpful. This is a very good book. It has a lot of thoughts and ...By Cinnamini875 This is a very good book. It has a lot of thoughts and details on getting young adults into the library and being active members. It helped me have a better understanding on how to relate to young adults. I got an A in my class with the help of this book. 0 of 0 people found the following review helpful. A great resource for librarians and teachers By Jonas Strickland A great resource for librarians and teachers, who work with young adults to increase their love of literature and libraries. Helps also with teaching information seeking procedures as well.

YA Attitude is back and in the 4th edition of the best-selling *Connecting Young Adults and Libraries*, created by former author, trainer, and inspirational speaker Patrick Jones. Co-authors Michele Gorman and Tricia Suellentrop have updated and revised this edition to address the latest trends and best practices in teen services, including programming, marketing and promotion, collection development, technology, outreach, library spaces for teens, and more. Find exciting new research about the teen brain, the latest in technology and social networking, and an information-packed new chapter on information literacy. The accompanying CD-ROM includes updated core documents, sample forms, surveys, and other planning tools that can be easily personalized, including: Information Literacy Exercises Progressive Discipline Policy for Youth Sample Teen Volunteer, Intern, and Employee Applications Planning Form for Developing a New Teen Space Teen Focus Group Guide Form Letter for Soliciting Partners/Sponsors for Teen Programming Sample Booktalk Evaluation Form Whether you are a teen librarian, library generalist, or graduate student searching for new information about how to best serve teens in libraries, this is the book for you.

From Booklist The most recent edition of this title now includes information on new technologies, graphic novels, gaming, social networking, and other topics not covered before. Although the authors state that it is for both the school and public librarian, its true focus is the public library. The book includes practical suggestions, personal experiences, and best practices in chapters covering customer service, information literacy, collections, outreach, programming, and more. Each chapter ends with a concluding summary, sources cited, and further reading. Additional information is imparted in figures, an extensive glossary, and results of surveys and focus groups. The accompanying CD-ROM Tool Kit contains forms, lesson plans, programming ideas, etc., which are indicated by an icon in the text and listed on the inside front cover. This title is invaluable to any librarian who comes in contact with teen patrons. --Shelley Glantz "Whether your program and offerings for young adults are thriving, need a little reviving, or are nonexistent, this book contains a wealth of useful information...The toolkit is a fabulous resource for those who are starting a teen program or need a boost introducing new programs or ideas...Any library serving teens should have this book in its collection, and it is an excellent resource to share with all staff members to make the library a welcoming and relevant place for teens." --Reference and User Services Quarterly, Vol. 49, Issue 3 "...a wealth of ideas that touch on all facets of programming for the young adult." --Catholic Library World, March 2010 "...contains just about everything anyone would want to know in the early twenty-first century about being an excellent young adult librarian....The book is extremely well laid out...one of the most outstanding features of the book is an extensive glossary of both terms and people's names...it is recommended for all young adult librarians or all librarians who want to be young adult librarians or teachers who want to function as young adult librarians. --ARBA Online, March 2010...a wealth of ideas that touch on all facets of programming for the young adult. --Catholic Library World, March 2010 "The big pink bible of young adult (YA) services is back and better than ever It is hard to imagine any library that wants to do a better job of understanding, serving, and embracing teens not having this book, even if they have every other edition. It is invaluable beyond the few words that this review has space to include. The CD-ROM tool kit alone makes this resource worth its purchase...Highly recommended for new and seasoned librarians alike." --YALS, Winter 2010...a wealth of ideas that touch on all facets of programming for the young adult. --Catholic Library World, March 2010
