And extremely helpful, it's really cute and has a lot of tips and tutorials on how to make the basic magical girl cosplay outfit. ((The character shown on the front)) The book is very fun and really entertaining, it also has a little manga story that follows the tutorials to ultimately go to a convention in the cosplay made in this book. I absolutely love it! Its all very user friendly and I really just overall enjoyed this book!As a beginner cosplayer I found it was very helpful and it taught me

a lot of cool tricks to complete certain costumes. It goes over everything from gathering references for your character and assembling the costume to doing your makeup and packing to go to the con! I highly recommend it :)0 of 0 people found the following review helpful. Four StarsBy ShannonGreat youth information piece for cosplay0 of 0 people found the following review helpful.
