**Christopher D. Brown : Crash Course in Technology Planning** before purchasing it in order to gage whether or not it would be worth my time, and all praised Crash Course in Technology Planning:

This easy-to-use primer will empower anyoneeven those with no IT backgroundto face the challenge of adding one or more technologies to library services or maintaining existing technologies. Offers librarians a one-stop resource for managing basic technology issues in their facilities Written in a simple, straightforward manner that even the least technologically savvy librarians can easily understand Includes screenshots that clarify points throughout the book Addresses challenges unique to libraries, such as working with the public and running information technology operations on a shoestring budget

About the Author Christopher D. Brown is assistant library director at the Pella Public Library in Pella, IA.
