1 of 1 people found the following review helpful. Swedish Culture, past and present!By Dag StombergFrom artifactual prehistoric remains to modern representations of a classic Country ofunparalled dimensions covering the Land and People.There is a very serious and matter-of-factness about the way Byron Nordstrom's descriptionof discussion points are handled in this book.We learn about the Swedish customs, family, education, religion, literature, art,architecture, etcetera down through the ages.A wonderfully incisive understanding of Sweden's past and its present.Strongly recommended!Dag Stomberg
