**Clifford A. Pickover : Death and the Afterlife: A Chronological Journey, from Cremation to Quantum Resurrection (Sterling Chronologies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Death and the Afterlife: A Chronological Journey, from Cremation to Quantum Resurrection

(Sterling Chronologies):

2 of 2 people found the following review helpful. A fascinating look at the history (and future) of deathBy marc hartzman"Death and the Afterlife" is a beautifully designed, well researched and very interesting book. Each page promises to fascinate, whether it's about creepy plague doctor costumes, premature burial, resurrectionists who procured bodies for anatomists to study, or any of the many other characters, creatures, and customs that surround the history of death. Great reading for all of us still living.0 of 0 people found the following review helpful. but I know they were pleased.By OliveEyesIt was a gift, but I know they were pleased.0 of 0 people found the following review helpful. Five StarsBy Stephany Aviles Medina speedy delivery and good value

Throughout history, the nature and mystery of death has captivated artists, scientists, philosophers, physicians, and theologians. This eerie chronology ventures right to the borderlines of science and sheds light into the darkness. Here, topics as wide ranging as the Maya death gods, golems, and sances sit side by side with entries on zombies and quantum immortality. With the turn of every page, readers will encounter beautiful artwork, along with unexpected insights about death and what may lie beyond.

About the AuthorInternationally renowned author Clifford Pickover has published more than 40 books, translated into over a dozen languages, on topics ranging from science and mathematics to religion, art, and history.
