Even my 6th graders liked this approach!0 of 0 people found the following review helpful. Five StarsBy Hopedale Memorial SchoolVery happy with book0 of 0 people found the following review helpful. Appropriate for the target audienceBy GretchenI wish it had a little more explanation per page. Still a little vague in my opinion, but again, appropriate for the target audience.

Are you ready for a library adventure? Join a group of children as they explore the Dewey decimal system! Search for ghosts in the 100s section, track down everything from costumes to cars in the 300s, and be on the lookout for sports and music in the 700s. By the end of the book, you'll be more than ready to dive into Dewey on your own!
