Maida Pineda : Dos Don'ts in the Philippines before purchasing it in order to gage whether or not it would be worth my time, and all praised Dos Don'ts in the Philippines:

A comprehensive guideBy robert mahieuA book nice to read and recommended to all passengers bound for Philippines.To read before, during and after your stay !0 of 0 people found the following review helpful. Great resource for Joes and 1st gen PhilippinosBy V. FabelloI am a first generation immigrant and my work an office in Manila. I found the book insightful for understanding my parents, my relatives,

and my culture. I also found it a good resource to give to a (culturally) American coworker who will be in our Manila office for just over a month. It clearly states Flip customs, habits, quirks, or viewpoints. Gives appropriate and inappropriate responses and behaviors without being condescending. I can't help but be encouraged and sometimes laugh at the illustrations that do so much to capture the nuances and defuse some of the awkwardness ... ie, the illustration of "pointing with your lips" both makes the instance very clear without making it seem outlandish. So for any American or "Joe" traveling to the Philippines, any of us born outside the Philippines doing your "roots" trip, or anyone who wants to know more about us as a people, I'd recommend this book.

Philippines, Filipinos, Filipinas, Pinoy, Pilipinao, Pilipina ... Confused? It seems everybody has a name for the inhabitants of the Philippines, including the Pinoys themselves. But don't worry. On the first page of this delightful guide to the etiquette, customs and taboos of more than 7,000 islands that is the Philippines, you'll find the words that you need to use when among the smiling and talkative people of this tropical paradise. Filipinos are unique as can be and maintain the customs and traditions to prove it. Many still eat with their hands. Their devout Catholicism is imbued with ancient beliefs and superstitions. They pretend to be invisible when passing between you and your friend. They lavish attention on water buffaloes on its special festival day. They are the most bubbly and communicative and therefore caring and friendliest people in Southeast Asia. To ensure that you, the foreign resident, fleeting visitor or armchair traveller, enjoy your stay in the Philippines, we present a light hearted but practical guide to the Dos Don'ts of this dynamic country. - Don't tell your best friend that he's got food stuck between his teeth. - Do slouch in the back of your taxi as you leave the motel after a romantic afternoon. - Don't throw water over the guy downstairs singing his heart out. Want to know more? Then DO buy this book!
