From University of Texas Press : Mexican Migration to the United States: Perspectives From Both Sides of the Border before purchasing it in order to gage whether or not it would be worth my time, and all praised Mexican Migration to the United States: Perspectives From Both Sides of the Border:

Borderlands migration has been the subject of considerable study, but the authorship has usually reflected a north-of-the-border perspective only. Gathering a transnational group of prominent researchers, including leading Mexican scholars whose work is not readily available in the United States and academics from US universities, *Mexican Migration to the United States* brings together an array of often-overlooked viewpoints, reflecting the interconnectedness of immigration policy. This collection's research, principally empirical, reveals significant aspects of labor markets, family life, and educational processes. Presenting recent data and accessible explanations of complex histories, the essays capture the evolving legal frameworks and economic implications of Mexico-US migrations at the national and municipal levels, as well as the experiences of receiving communities in the United States. The volume includes illuminating reports on populations ranging from undocumented young adults to elite Mexican women immigrants, health-care rights, Mexico's incorporation of return migration, the impact of Deferred Action for Childhood Arrivals on higher education, and the experiences of young children returning to Mexican schools after living in the United States. Reflecting a multidisciplinary approach, the list of contributors includes anthropologists, demographers, economists, educators, policy analysts, and sociologists. Underscoring the fact that Mexican migration to the United States is unique and complex, this timely work exemplifies the cross-border collaboration crucial to the development of immigration policies that serve people in both countries.

About the Author Harriett D. Romo is a professor of sociology at the University of Texas at San Antonio, where she directs the Child and Adolescent Policy Research Institute (CAPRI) and the UTSA Mexico Center. Olivia Mogollon-Lopez is the program coordinator of UTSA's Mexico Center. She holds a masters degree in public policy from the Instituto Tecnológico Autónomo de México.
