**Andrea N Spirov : Moving To Australia: A Guide For Expats, Lovers And the Otherwise Curious** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moving To Australia: A Guide For Expats, Lovers And the Otherwise Curious:

3 of 3 people found the following review helpful. Very informative...By Caroline H.I'm from England but have lived 24 of my 29 years of life in America. I fell in love with an Aussie and now in 3 weeks am once again moving to a new country. I know, I know. I've had such an adventurous life so far many have told me, like I'm not already aware. This book was given to me by my soon to be husband and I loved it. It was nice to see another woman's view on this adventure and realise my thoughts were shared by you also. There have been quite a few things I was concerned with that others around me didn't understand like me being a British citizen that grew up in the states and has a crazy English-American accent. Thanks for a great book. :)4 of 4 people found the following review helpful. Good

preparationBy DawnI'm not using this as a how-to guide, yet. For now it has given me a good idea of what I need to prepare for, and what exactly I've signed up for. It's an excellent reality check for anyone at the beginning of this possible journey. I'm very grateful for the authors insight and personal stories - her experience with the same travel visa that I currently possess is extremely valuable information to know, as I now realize I only have a temporary solution to my situation. Ms. Spirov, you have my great thanks.8 of 8 people found the following review helpful. Invaluable information for anyone thinking of moving to AustraliaBy StephanieLike the author, I fell in love with an Australian while traveling. After months of long-distance, I decided to apply for a Working Holiday visa so I could move and get a job in Australia. This book has been a lifesaver during the process. It's stressful and scary, but the author explains each step of the process thoroughly and clearly, supplementing facts with relatable personal experiences as well as helpful links to other websites.If you're thinking of moving to Australia, this is an excellent reference to help you get through the process.

Moving to Australia a guide for expats, lovers and the otherwise curious The ultimate book for moving to Australia 2nd edition Are you interested in moving to Australia? Do you want to know all about the process of relocating from someone whos successfully done it? Are you curious about this beautiful, interesting country and its people? Packed with helpful resources, anecdotes and advice, this book is an excellent guide to those seeking information about migration to Australia. Whether you want to work in Australia long-term or just have a working holiday in Australia, this book will assist you with all aspects of your journey. It will be especially helpful for those emigrating to Australia as a spouse, as the author recounts her experience from applying for the partner visa to becoming a citizen. All Australian visas are also outlined, such as skilled immigration visas, student visas and visas for those who have already found jobs in Australia. Moving to Australia covers everything from packing up your current home to finances to health cover to meeting people in Australia. It is a guide to making a successful transition to becoming an expat in Australia. Its also a great read for those who are just curious about the land Down Under or who have already arrived in Australia and need some help navigating. Whether youre planning a permanent move to Australia or just a short-term relocation, this book will help you figure it all out.

About the AuthorAn American expat who has lived in Australia for six years and is the wife of an Australian, the author has worked and studied in Australia, lived in two different states and eventually became a citizen. A media and communications specialist by trade, she also has significant personal experience relocating to large cities around the world. So youll be learning all about moving to Australia from someone who has successfully done it.
