Jane Gottlieb : Music Library and Research Skills before purchasing it in order to gage whether or not it would be worth my time, and all praised Music Library and Research Skills:

Music Library and Research Skills is a complete guide for music majors for researching and completing a paper. It encompasses all the latest technologies and resources, providing not only annotated listings of key items but also

informative "how to" side bars and "real life" stories to guide the student. All music majors are required to take a research methods course and this book, by the Vice President and Head Librarian of the Juilliard School, will set a new standard for the course.

"As mentioned earlier in this review, in light of my own evolving path as librarian, educator, and scholar, *Music Library and Research Skills* is a welcome guide and companion in this journey, and will go far to address the needs of my students as we chart our future course at the New American University. - Christopher E. Mehrens, Head, Music Library, Arizona State University, Tempe, AZ Mehrens, Christopher E.(2009)'*Music Library and Research Skills*',*Music Reference Services Quarterly*,12:1,55 59 URL: <http://dx.doi.org/10.1080/10588160902963587> About the AuthorJane Gottlieb has been teaching music bibliography classes to graduate level music performers for more than 25 years: first at Mannes College of Music, and, since 1987, to Doctor of Musical Arts candidates at The Juilliard School. She is currently the Vice President for Library and Information Resources at The Juilliard School.
