Mario Jimenez Sifuentez : Of Forests and Fields: Mexican Labor in the Pacific Northwest (Latinidad: Transnational Cultures in the United States) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Of Forests and Fields: Mexican Labor in the Pacific Northwest (Latinidad: Transnational Cultures in the United States):

1 of 1 people found the following review helpful. Brilliantly WrittenBy Davi SmithIncredibly informative, premier research.0 of 0 people found the following review helpful. What a brilliant piece on labor organizing and immigrant right advocacyBy TioroccoWow! What a brilliant piece on labor organizing and immigrant right advocacy! This is a must-read for Oregon history scholars, labor organizers, and immigrant rights advocates. Mr. Sifuentes did a masterful job.1 of 1 people found the following review helpful. Five StarsBy MandoWonderful book. Perhaps I am biased because my family, although not mentioned, worked those exact fields.

2016 Choice Outstanding Academic Title Just looking at the Pacific Northwests many verdant forests and fields, it may be hard to imagine the intense work it took to transform the region into the agricultural powerhouse it is today. Much of this labor was provided by Mexican guest workers, Tejano migrants, and undocumented immigrants, who converged on the region beginning in the mid-1940s. Of Forests and Fields tells the story of these workers, who toiled in the fields, canneries, packing sheds, and forests, turning the Pacific Northwest into one of the most productive agricultural regions in the country.

"Sifuentes cogently analyzes approximately seventy years of Pacific Northwest labor history Scholars and students (both undergraduate and graduate) will find this richly told story illuminating."
