I received the book on time for my class and it was in perfect condition. I recommend that you save the original packaging that it comes in if you are planning on returning the book (if you rent the book instead of purchasing as I did). The return process is also very simple and easy to do. I would for sure recommend this product to anybody in need of the book!0 of 0 people found the following review helpful. Book reviewBy BrielleI received the book, The item was described as having no rips or tears, however it had a few tears on the bottom. the item also said minor highlights, however at least half the book is highlighted. other than that i had no problems0 of 0 people found the following review helpful. Thought provoking.By CustomerI don't remember the difference between this book and American Ethnicity since we used them both, but this class was pretty challenging because of what the books said.
