Bad Hand : Plains Indians Regalia Customs before purchasing it in order to gage whether or not it would be worth my time, and all praised Plains Indians Regalia Customs:

1 of 1 people found the following review helpful. Five StarsBy Teresa WhitakerMost interesting information with fabulous photographs!0 of 0 people found the following review helpful. Five StarsBy SLGood resource2 of 3 people found the following review helpful. This is a wonderful book for my research on prehistoric Native AmericansBy JBB1I am an author who writes mostly historical fiction about America's prehistoric past. This is a wonderful book for my research on prehistoric Native Americans. I love the format with each chapter ending with the author's notes from his research. The pages of the book are glossy and beautiful and the photographs are fantastic. This is a great resource book if you are interested in the Plains Indians. Two thumbs way up.

This original study of Plains Indian cultures of the 19th century is presented through the use of period writings,

paintings and early photography that relate how life was carried out. The author juxtaposes the sources with new research and modern color photography of specific replica items. Thereby, the past comes to life and today's readers learn this history with concrete examples to which they relate. The comprehensive text documents the seven major tribes: Blackfeet, Cheyenne, Comanche, Crow, Hidatsa, Mandan, and Lakota. Observations of Plains Indian men's and women's habits include procuring food, dancing, developing spiritual beliefs, and experiencing daily life. Prominent leaders and average members of the tribes are introduced and major incidents are explained. True stories come to light through objects that relate to each incident and personality. With an understanding of these cultures, readers learn basic similarities of all people, ancient to present, including today's multi-cultural society.
