Joyce Kasman Valenza : Power Tools Recharged: 125+ Essential Forms and Presentations for your School Library Information Program leaflets before purchasing it in order to gage whether or not it would be worth my time, and all praised Power Tools Recharged: 125+ Essential Forms and Presentations for your School Library Information Program leaflets:

0 of 0 people found the following review helpful. Two StarsBy Gail NezworskiNot as useful as I though. I returned for credit.5 of 5 people found the following review helpful. Power Tools Empowers!By fanoftheprintedwordSimply the best resource I've purchased this year, my first as a teacher-librarian. Just buy it. Only downfall: the MLA formatting rules are from the 2004 edition, not the updated edition. So? Simply update what you need to when you go to her MLA

pages, or use Diana Hacker's Online site for resource documentation. Valenza covers every base in what we do and can do. Get a copy, save your brain the drain, and power up your library program. Book is modestly priced for all you receive. 5 of 5 people found the following review helpful. Very Helpful Tool
By E. Corradino
I purchased Power Tools as a required text for a grad course. When this first arrived I griped about paying so much for something that wasn't even bound. After using it however I have been very pleased. There is an enormous amount of useful tools in here for the everyday SLMS. I especially like it as someone just starting out from scratch. The accompanying CD is great for editing and personalizing forms. Definitely worth buying

A completely revised hands-on guide to address library media specialists' most pressing issues.

"Valenza has included everything and made it reproducible and ready-to-use for that unexpected presentation. This is one librarian's handbook you don't want to miss. Highly recommended."
About the Author
Joyce Kasman Valenza is library information specialist at Springfield Township High School Library in Erdenheim, Pennsylvania. An award-winning teacher-librarian and bestselling author, she is a popular speaker and workshop presenter on library and education issues, as well as information literacy skills. Her weekly column, "techlife@school," appears in the Philadelphia Inquirer. She is the author of Power Research Tools (ALA Editions). Her articles have appeared in Classroom Connect School Library Journal, and Voice of Youth Advocates. Video projects include the YALSA Top Ten Award-winner, "Internet Searching Skills," She won the IASL School Library Web Page of the Year Award in 2001, was named Miken Educator in 1997-98, and served as a Library of Congress American Memory Fellow and in a Fulbright Japan program for teachers.
