From Brand: Libraries Unlimited : Practical Strategies for Cataloging Departments (Third Millennium Cataloging) before purchasing it in order to gage whether or not it would be worth my time, and all praised Practical Strategies for Cataloging Departments (Third Millennium Cataloging):

Cataloging managers will find this book a valuable road map for navigating the metadata needs of the 21st-century library. Provides real-life examples, case studies, guidelines, and model practices that demonstrate ways to bring

cataloging services into the 21st century

"Recommended for cataloging department managers and cataloging educators, both in library school and on the job." -
