Ed Jones : RDA and Serials Cataloging before purchasing it in order to gage whether or not it would be worth my time, and all praised RDA and Serials Cataloging:

Serials and continuing resources present a variety of unique challenges in bibliographic management, from special issues and unnumbered supplements to recording the changes that a long-running periodical can experience over time. Easing catalogers through the RDA: Resource Description and Access transition by showing the continuity with past practice, serials cataloging expert Jones frames the practice within the structure of the FRBR and FRAD conceptual models on which RDA is based. With serials special considerations in mind, heExplains the familiarities and differences between AACR2 and RDADemonstrates how serials catalogers work fits in the cooperative context of OCLC, CONSER and NACOPresents examples of how RDA records can ultimately engage with the Semantic

WebOccasional serials catalogers and specialists alike will find useful advice here as they explore the structure of the new cataloging framework.

About the AuthorEd Jones has been cataloging serials, on and off, since 1976, and over the years has authored several scholarly papers and made numerous presentations on serials cataloging, the FRBR and FRAD conceptual models, and RDA. He has been a member of the CONSER Operations Committee, on and off, since 1981, and recently served as an RDA advisor. In 1995, he received his doctorate in library and information science from the University of Illinois at Urbana Champaign. He is currently associate director for assessment and technical services at National University in San Diego.
