By Casey Digital Design I got it really cheap from a Goodwill who were reselling it, so it was a bit crapped up, being so cheap. I meant to order a book of classic album covers and messed up! Well, when I got this it was so cool that I kept it. If you remember the 60s and 70s, this is a cool thing to read and remember those times. 0 of 0 people found the following review helpful. Five Stars By steve Absolutely excellent book! Gave as a gift to a rock-n-roll teen who thought it was great! 1 of 1 people found the following review helpful. Great visual history of pop music By Max Lee I'm very happy to have bought this book, and been reading it from time to time. The 1000 RS cover pictures already tell a lot about the major figures of music and pop culture over an exciting 40 year span, the textual descriptions further help to highlight some of the most important events. With this book, that part of the history is right in your hand, and in front your eyes.

For the past 39 years, the covers of Rolling Stone have depicted the great icons of popular culture, from John Lennon, Bob Dylan, the Rolling Stones, and Madonna to Steve Martin, Uma Thurman, and Richard Nixon. Often it was an appearance on the cover that launched a performer's legendary status in the first place. An enormous hit when it appeared in 1997 as Rolling Stone: The Complete Covers, 1967-1997 (nearly 100,000 copies sold in all editions), this fantastic collection has been revised and updated to include the covers since 1997 up to the much-publicized 1,000th cover, slated to hit newsstands in May 2006. With an updated introduction by Jann S. Wenner as well as new excerpts

from the magazine and quotes from photographers and their celebrity subjects, this nostalgic journey down the memory lane of pop music, entertainment, and politics is irresistible.

About the Author Jann S. Wenner, Rolling Stones publisher, founded the magazine in 1967 with music critic Ralph J. Gleason. As the head of Wenner Media, he also publishes *Us* and *Mens Journal*. In 2005 Wenner was inducted into the Rock and Roll Hall of Fame. He lives in New York City.
