**Paul Allen : Should I Stay or Should I Go?: The Truth about Moving Abroad and Whether It's Right for You** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Should I Stay or Should I Go?: The Truth about Moving Abroad and Whether It's Right for You:

0 of 0 people found the following review helpful. Three StarsBy JannaIt's really too outdated to be of use to me.1 of 2 people found the following review helpful. Limited infoBy Bradley SonnentagThis book covered mostly from British perspective and didn't go into any detail on the country that I was interested in going to. It did give some insight on reasons to consider before leap0 of 6 people found the following review helpful. To leave or notBy Dennis CornellIt did not cover all the countries in SA I thought it would. It makes you think about leaving though.

Stop! Before You Move Your Life Overseas You Need To Read This Book Moving to a new country is certainly not as hard as it may seem, but it does take a concrete decision, followed by decisive action. This book helps you make that decision, and points you firmly in the right direction to not only move but to live successfully in your new home. Once you've read this book you will be able to confidently answer all-important questions such as... 1. Is moving abroad really right for me? 2. Do I have a temperament suited to the expatriate life? 3. Am I considering emigrating for the right reasons? 4. Would I be best placed staying where I am? 5. Where in the world, home or away, am I likely to be happiest? 6. What factors should I consider when choosing my new country? The whole life abroad dream seems great, and yes, moving overseas can lead to a healthier, happier, richer life - but many expats still return home each year with their dreams and finances in tatters. So, rather than giving you yet more on the mechanics of moving overseas, this book is packed with first-hand accounts, well-researched facts and balanced questions to help you answer the most important question of all: should I go in the first place? Should you stay or should you go? Now is the time to make up your mind and really start living.

'Will open people's eyes to the realities, good and bad, of an international move.' Robin Pascoe, expat expert and author, [www.expertexpert.com](http://www.expertexpert.com) 'This aptly titled book will truly assist those who want to explore whether or not living overseas is for them.' Betsy Burlingame, President of Expat ExchangeAbout the AuthorFreelance journalist for several leading financial publications, covering a multitude of topics spanning investment and wealth management, electronic trading, custody services, market infrastructure changes and regulation.
