**Kierste Wade : Simply Tradition: 70 Fun and Easy Holiday Ideas for Families** before purchasing it in order to gage whether or not it would be worth my time, and all praised Simply Tradition: 70 Fun and Easy Holiday Ideas for Families:

5 of 5 people found the following review helpful. Simply Tradition is Simply MagicBy Julie F. SchmidtWhen I first opened "Simply Tradition," I instantly knew I was in for a wonderful experience! It is unlike other lifestyle books, mostly because it is very obvious that Kierste Wade doesn't just write about family traditions, she actually LIVES them. Chock full of homey recipes, movie and book lists, and unique, fabulous ways to celebrate holidays as families, Simply Tradition shares ideas that are simple and fresh and D0-ABLE! Not only does she give great ideas for making meaningful family memories, but she also writes about memorable moments from her childhood and anecdotes that have really worked with her own children, which makes for an engaging and thought-provoking read. Kierste also shares ideas from other families peppered throughout the book, as well as URL addresses for darling printables that

enhance many of her ideas. Clear, colorful photos illustrate each idea, and the many photos of her own family experiencing traditions makes you feel as if Kierste is right there with you as your BFF, sharing her heart and encouraging you to come closer to your family through uplifting, memorable, FUN experiences. I highly recommend this book. Simply Tradition is SIMPLY MAGIC! 4 of 4 people found the following review helpful. Love this book! By N. Hansen This book is such a great resource and a fun read too. I think what I love the most about this book is that it is full of ideas that are fun and my kids would love, but their also really accessible to the busy parent. Wade shares not only traditions, but recipes, printables, and helpful lists. I can't wait to try some of these ideas and to give this book as a gift. 2 of 2 people found the following review helpful. This book is practically perfect in every way By Brook Carn This book is practically perfect in every way! From the beautiful and mouth watering photos to the free printables and the many simple and fun memory making traditions, I give this one an A+! There is something for every type of family in this book and it would make a fantastic gift this holiday season. While I enjoyed very much sifting through each page I loved even more when I handed the book off to my children. They excitedly flipped through the pages and each told me the things that they wanted to try. Actually, I heard a lot of, "Oh man, we have to do this!" and "Oh, that looks Sooooo good!" I love that this book gives my kids a jump start to fun and actually doable ideas that won't break the bank or be too overwhelming to pull off. Thank you Kierste for this gem of a book that will enrich my family's life!

Treasured moments with friends and family grow from traditions as simple as back-to-school ice cream sundaes, haunted gingerbread houses, and cereal nights in the park. Popular blogger Kierste Wade's simple traditions will inspire and involve the whole family in the festivities of daily life. With pages of great ideas, instruction and access to free printables for download, Simple Tradition can inspire you and give you the tools to bring the happiness home and make memories together all year long.

When I first opened "Simply Tradition," I instantly knew I was in for a wonderful experience! It is unlike other lifestyle books, mostly because it is very obvious that Kierste Wade doesn't just write about family traditions, she actually LIVES them. Chock full of homey recipes, movie and book lists, and unique, fabulous ways to celebrate holidays as families, Simply Tradition shares ideas that are simple and fresh and DO-ABLE! I highly recommend this book. Simply Tradition is SIMPLY MAGIC! --If you are debating whether or not this book is worth buying...it really is:)! Or if you are wondering if you will ever really use it...I promise you will! I am so happy I ordered this book and just ordered 3 more for some of my good friends. I LOVE THIS BOOK! I wish I was eloquent and could write a fabulous review, but all I can really say is that this will bring you and your loved ones closer together. It will bring excitement into your home and will be something everyone will look forward to (for all the holidays and even the beginning of a school year). It is for everyone, not just parents...I would have totally used this as an aunt before I had kids and I know my parents would do a lot of these traditions with their grandchildren. The pictures are beautiful and consist mostly of Kierste's adorable family of eight. You can just dive right in and start some of these traditions with little or no planning. Fun, creative, and most of all heart-warming, these ideas will surely be passed on year after year. I can't wait to try some of them this Halloween! I just flipped threw the book at first and found some traditions I wanted to do for sure, but the writing and stories drew me in and now I am starting at the beginning and reading it like a book (so good)! Buy this book!!! --Such a fun book! I have gotten some great ideas for starting some new family traditions. I love that it's not just ideas for the Christmas season--there is something fun for every holiday and season throughout the year! And the recipe for Apple Crisp is worth buying the book. The BEST Apple crisp I have every ever had. We made it twice in one week!!!! --About the Author Kierste Wade is the author of Simply Kierste, a DIY Lifestyle blog, where she has been sharing creative ideas since 2009. As the mother of six, she loves to feature simple ideas for both home and family, including organization, holiday traditions and activities, home decor, DIY, recipes, printables, and more. Her work has been featured in many publications, including Wood Pallet Projects by Chris Gleason, BetterHomesandGardens.com, CountryLiving.com, HGTV.com, Parents.com, and Country Woman Magazine. She's happy to make her home in upstate New York with her family.
