S. D. Vyas : Social Science Information in India: Effort Towards Bibliographical Control (Concepts in Communication Informatics Librarianship) before purchasing it in order to gage whether or not it would be worth my time, and all praised Social Science Information in India: Effort Towards Bibliographical Control (Concepts in Communication Informatics Librarianship):

0 of 0 people found the following review helpful. Bibliographical Access in India TodayBy Dr. Mohamed TaherThis book is a real piece of research, and deserves to be placed as a reference tool along with any social science collection.Researchers will find paths for further study.Students in LIS will find illustrations of content management in traditional social science libraries.Internet librarians can improve this study to show India's place in the emerging information society.
