**American Alliance of Museums : Standards Manual for Signs and Labels** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Standards Manual for Signs and Labels:

Finally! Standards for signs and labels that address the needs of wheelchair users and the visually impaired visitor. Copious photographs, diagrams, and sample labels for orientation signs, directional signs, and gallery labels demonstrate that what makes a label accessible also makes it more effective for all museum visitors. The manual also provides standards for typesize, contrast, and installation, as well as a glossary.
