Kendall Haven : Story Smart: Using the Science of Story to Persuade, Influence, Inspire, and Teach before purchasing it in order to gage whether or not it would be worth my time, and all praised Story Smart: Using the Science of Story to Persuade, Influence, Inspire, and Teach:

0 of 0 people found the following review helpful. an excellent book for anyone learning how to use story for ...By Maggie Clemens This is where science meets story, an excellent book for anyone learning how to use story for influence. 0 of 0 people found the following review helpful. Five Stars By J. B. Meenaghan Great book, easy to read! 0

of 0 people found the following review helpful. Before you can know what to say, you need ...By Russell Fox
Before you can know what to say, you need to know how people listen. Unless you want to do everything by yourself, you need to understand and use this principle of communicating through story techniques. If you're an entrepreneur, teacher or leader, this is how you will be successful!

This one-of-a-kind book reveals the secrets of a story's power to persuade, inspire, influence, and to teach. Shows how to use the power of story to get your message across in any medium or venue
Explores the convergence of the neural science of story with the art of communication to reveal the power of words
Provides tips, techniques, and strategies for structuring your stories for the most impact
Reveals the common communication pitfalls to avoid

"Kendall Haven speaks to the power of the story by exploring how the brain processes stories and what elements are key to making a story successful. This book is . . . an easy-to-read guide to the science behind what makes stories memorable." - The Library Quarterly
About the Author
Kendall Haven is the only internationally recognized expert in the science of story structure. His published works include 24 books from Libraries Unlimited.
