Jeff Bauman, Bret Witter : Stronger before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stronger:

This is an absolutely compelling story. As a rehabilitation nurse I have seen people who succeed and those that unfortunately do not. The speed of Jeff's recovery time is phenomenal and his characterizations of the others in the story is excellent. The man with the cowboy hat, the police and all the Bostonians who assisted him were endearing. This is not a medical story but a real story about how families, spouses and entire

communities deal with what life throws at them. I must say that I cried but not of sadness but because of all the wonderful people and Jeff's determination to walk. I was inspired by the fact that he did not blame anyone. Excellent read and it makes you feel like you know him when you see him on a talk show. I wish him the best. Would like to see the movie but will probably wait for DVD so I can shed my happy tears at home. 0 of 0 people found the following review helpful. This was a great story. It brought me to tears thinking about ...By Ann M Perry This was a great story. It brought me to tears thinking about the bombing again and how each of these survivors and their loved ones went through. I picked this for our book club and we all enjoyed it and led to some great discussion. I tried to find out what Jeff is up to now since the publication of the book and only could find that he and Erin are divorced. We all agreed in our book club that was written on the wall. Guilt was not enough to make a marriage work. I would recommend this book. It is good for other people to feel the emotions, frustration, and fears of those involved in this type of tragedy. 0 of 0 people found the following review helpful. Well done By Bryan Very Well written by Jeff and very inspiring. If nothing else it should serve as a reminder to be thankful for what you have and take nothing for granted. Bauman serves as a reminder that no matter how difficult things get, stay positive, be strong and never stop fighting and eventually things will turn around. As a Bostonian and someone who was volunteering at the 2013 marathon, I've always felt a connection. Bauman makes sure that this book serves as a tribute to all victims and their families and perfectly encapsulates how the city rallied around each other to drive out evil and make sure that love prevailed. Well done, highly recommended.

NOW A MAJOR MOTION PICTURE STARRING JAKE GYLLENHAAL The New York Times bestselling memoir of the 27-year-old Boston Marathon bombing survivor. When Jeff Bauman woke up on Tuesday, April 16th, 2013 in the Boston Medical Center, groggy from a series of lifesaving surgeries and missing his legs, the first thing he did was try to speak. When he realized he couldn't, he asked for a pad and paper and wrote down seven words: "Saw the guy. Looked right at me," setting off one of the biggest manhunts in the country's history. Just thirty hours before, Jeff had been at the finish line of the 2013 Boston Marathon cheering on his girlfriend, Erin, when the first bomb went off at his feet. As he was rushed to the hospital, he realized he was severely injured and that he might die, but he didn't know that a photograph of him in a wheelchair was circulating throughout the world, making him the human face of the Boston Marathon bombing victims, or that what he'd seen would give the Boston police their most important breakthrough. In **STRONGER**, Jeff describes the chaos and terror of the bombing itself and the ongoing FBI investigation in which he was a key witness. He takes us inside his grueling rehabilitation, and discusses his attempt to reconcile the world's admiration with his own guilt and frustration. . Brave, compassionate, and emotionally compelling, Jeff Bauman's story is not just his, but ours as well.

"**STRONGER** is not merely a triumph-over-adversity story, but a love story....the book exudes a sense of transparency and honesty." *Boston Globe* "Bauman's moving story illustrates what he believes: 'We are better than cowards with bombs...We are stronger.'" *People Magazine* "A moving demonstration of how strength of mind and character helped one man stand tall despite the loss of his legs." *Kirkus* s About the Author Jeff Bauman was an ordinary twenty-seven year old, with a job, a girlfriend and a love of sports, when a bomb took both his legs near the Boston Marathon finish line. A famous photograph taken at the scene, and his vital role in identifying the bomber from his intensive care hospital bed, made him the face of the tragedy, but it is his determination, humor and positive attitude that has inspired millions.
