Gregory H. Maddox : Sub-Saharan Africa: An Environmental History (Nature and Human Societies) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sub-Saharan Africa: An Environmental History (Nature and Human Societies):

0 of 3 people found the following review helpful. A fine pick for any college-level collection strong in either environmental history or African history. By Midwest Book Review Sub-Saharan Africa: An Environmental History

joins others in the 'Nature and Human Societies' series to survey both positive and negative environmental effects of human activities from colonialism to modern urban pressures. Chapters link historic events to environmental impact and consequences, providing a running blend of details on history, culture, and lasting results. A fine pick for any college-level collection strong in either environmental history or African history. Diane C. Donovan California Bookwatch

A wealth of information and analysis on the environmental forces that have helped shaped the cultures of the African continent. Contains a handy chronological overview of chapters complete with detailed and informative reference features Detailed maps and a comprehensive bibliography accompany the book's wide-ranging analyses
