It is poorly written, and the diction sounds like an Asian wrote it and had a friend translate it into English. There is nothing new here. And the story lines can be found in dozens of other places and other writings, and are much better. Total

piece of crap. Don't waste your money. You could probably think up some better stories when you are on your freak.0 of 0 people found the following review helpful. Who doesn't enjoy a little role reversal, a little playtime, especially when involves a little kinky fun. Well here are ten short stories about just that, whether you like to read about men being submissive to there wives and girlfriends, or maybe putting your man into skirts and stockings so he knows his place. Of course there is nothing quite like the power trip of locking ones pleasure up with a little key so they can't even touch it. These short stories have a little bit of it all. They are quick fun reads about the thing you desire the most which is giving into your desire and seeing what it would be like to give up control in your relationship, to let your wife wear the pants and wield the joy stick for awhile. Well maybe you lady is not into it but that doesn't mean you can't read about those who are and then you can close your eyes and fantasize that it is you in those pages. For the ladies who have there men already in there places or would like them to be, you may get some new ideas on how much fun it would be to do some of these things to your man. Either way I hope you enjoy them and look for others in the future.
