1 of 1 people found the following review helpful. Not anything new!By Richard E. HeatonRepetitive, same old thing, nothing new. I read every book in his doomsday series, but this has a lot of repetitive information in it that every survival book has. Disappointed.0 of 0 people found the following review helpful. Three StarsBy BruceGood read.0 of 0 people found the following review helpful. A general overviewBy hosscompThis book was a good introduction to the things one should consider preparing for, the various disasters and situations that one could face. It contained lots

of good information. If you are worried about a specific kind of disaster such as an imploding economy you would need a book on that particular subject.
