It has recipes, Christmas stories, Christmas carols, poems, and beautiful pictures. Tasha Tudor is an amazing author and has put together a beautiful collection of Christmas treasures in this book. 0 of 0 people found the following review helpful. This book is useless to be used as the book was originally published By Tom L Weber This book is useless to be used as the book was originally published. My family has enjoyed the original for years with mom playing the piano and with the family sitting and standing around singing the parts. The paperback has print so small that even the pianist can't get close enough to read the music, to say nothing of those around. 0 of 0 people found the following review helpful. Five Stars By esther I love to read Tasha tudors books. This one did not disappoint!

Songs, stories, poems, things to do for a family Christmas.
