Raymond D'Angelo, Herbert Douglas : Taking Sides: Clashing Views in Race and Ethnicity (Taking Sides: Race Ethnicity) before purchasing it in order to gage whether or not it would be worth my time, and all praised Taking Sides: Clashing Views in Race and Ethnicity (Taking Sides: Race Ethnicity):

1 of 1 people found the following review helpful. college readingBy I got this book for my race class, and thankfully

this was the secondary required text. Overall, the book just is a compilation of arguments; "YES" and "NO" point of views. The arguments presented by the "accredited" authors are a little dated, and there are quite a few fallacies within each argument or section. Definitely not going in my book collection. Hopefully get some money for it at the end of the semester.0 of 0 people found the following review helpful. goodBy Cisco Javier Preciadogood0 of 0 people found the following review helpful. good bookBy serious consumerI like this book - used it for a class. Talks about a lot of important issues in our society.

Taking Sides volumes present current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. Each issue is thoughtfully framed with Learning Outcomes, an Issue Summary, an Introduction, and an Exploring the Issue section featuring Critical Thinking and Reflection, Is There Common Ground?, and Additional Resources. Taking Sides readers also offer a Topic Guide and an annotated listing of Internet References for further consideration of the issues. An online Instructors Resource Guide with testing material is available for each volume. Using Taking Sides in the Classroom is also an excellent instructor resource.
