Patrick Moran : Teaching Culture: Perspectives in Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised Teaching Culture: Perspectives in Practice:

0 of 0 people found the following review helpful. itai Cardona "I read it because I wanted to"By Itai CardonaOne of my favorites7 of 7 people found the following review helpful. Quite goodBy Robert N. NelsonThis book does everything a book on teaching culture should do. Whether you agree with the author's analysis of the culture and culture teaching (I do not), you will find the clarity of his presentation and the soundness of reasoning a good example for academic settings. Especially helpful are the many anecdotes from in-service teachers--these are well chosen and serve to exemplify the author's main themes in a way that other in-service teachers can identify with.1 of 1 people found the following review helpful. Insightful.By JBLGreat book by a great professor. It is very clearly written and organized and really helpful in understanding culture as well as how it can be taught and learned.

Teaching Culture: Perspectives in Practice is a compelling account of the role of culture in context and pedagogy.

Accounts from the classroom and an analysis of materials provide an in-depth overview of this topic.
