Alice Omaggio Hadley : Teaching Language In Context (World Languages) before purchasing it in order to gage whether or not it would be worth my time, and all praised Teaching Language In Context (World Languages):

1 of 1 people found the following review helpful. Excellent book for Foreign Language TeachersBy Caithleanne LoganThis book has been around for nearly a whole generation now and is considered the holy grail on Foreign Language Teaching since its first edition in 1993, yet as a reader I could not help noticing the excessive number of references interrupting the flow of the text and the author's thoughts. It would have been better if these references had been included as end notes. I also had an inkling that despite its voluminous 498 pages, much of the content was a rehash of earlier work by others in the field. As such I got the impression that this text book was published as a "Best of" in its genre. Interesting topic and needed but a more memorable rewrite and more modern formatting are long overdue. Teaching Language In Context (World Languages)0 of 0 people found the following review helpful. Excellent teaching bookBy Virginia Alfa DiasEven though I have 25 years teaching at all levels (school, college, adults, children, etc.), this book is giving me new ideas on methodology and new resources that were not available

before. 1 of 1 people found the following review helpful. Great book, diverse theories
By buyer This is a great book for foreign language teachers, although the theories are quite verbose. It includes awesome samples than can be modified according to the language that you are teaching and the proficiency of your students.

Teaching Language in Context is THE essential methods text for anyone teaching or learning to teach a foreign language. Teaching Language in Context is the must-have reference text for every foreign language instructor.

1. On Knowing a Language. 2. On Learning a Language. 3. On Teaching a Language. 4. The Role of Context in Comprehension and Learning. 5. A Proficiency-Oriented Approach to Listening and Reading. 6. Developing Oral Proficiency. 7. Becoming Proficient in Writing. 8. Teaching for Cultural Understanding. 9. Classroom Testing.
About the Author Alice Omaggio Hadley is currently a Professor in the Department of French at the University of Illinois at Urbana-Champaign, where she teaches courses in methodology, supervises teaching assistants, and directs basic language courses.
