Brent L. Pickett : The A to Z of Homosexuality (The A to Z Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The A to Z of Homosexuality (The A to Z Guide Series):

The A to Z of Homosexuality provides a comprehensive survey of same-sex relations from ancient China and Greece

to the contemporary world. Philosophic treatments, such as natural law and queer theory, along with legal issues and court decisions are included. Global in its coverage of the variety of same-sex relations, their legal treatment, and social norms concerning same-sex attraction, this reference includes a chronology, an introductory essay, a bibliography, and cross-referenced dictionary entries on specific countries and regions, influential historical figures, laws that criminalized same-sex sexuality, various historical terms that have been used to refer to aspects of same-sex love, and contemporary events and legal decisions.

This installment in the "A to Z Series" (2001-) is long overdue. . . . Recommended. (CHOICE, March 2010)The second edition of *Gay and Lesbian Rights: A Reference Handbook* is an excellent reference book, well worth adding to a library's collection. (Feminist Collections: A Quarterly Of Women's Studies Resources, Summer 2010)About the AuthorBrent L. Pickett is associate dean and associate professor at the University of Wyoming.
