Diane Ravitch : The American Reader: Words That Moved a Nation before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Reader: Words That Moved a Nation:

2 of 3 people found the following review helpful. A 5 Star, All-American CompilationBy Benedict RocksWe gave an earlier edition of this book to a former intern of ours from Beijing, China. He's learned more from this one book than the average American seems to know about our great country these days, at least according to many surveys we've

seen. We wish more Americans would buy and read this book. It is full of amazing insights into our country's cultural heritage that come direct and unfiltered from a highly diverse group of first-hand participants in our country's most pivotal events and movements. 0 of 0 people found the following review helpful. A Must Have for AP Classes By Terry Long If you teach American Literature or American History, you need this book! Pieces from The Mayflower Compact to Ronald Reagan's speeches. It's a great resource to have, especially for high school AP courses. 0 of 0 people found the following review helpful. Four Stars By Sue Required reading for my son's class...

The American Reader is a stirring and memorable anthology that captures the many facets of American culture and history in prose and verse. The 200 poems, speeches, songs, essays, letters, and documents were chosen both for their readability and for their significance. These are the words that have inspired, enraged, delighted, chastened, and comforted Americans in days gone by. Gathered here are the writings that illuminate with wit, eloquence, and sometimes sharp words significant aspects of national consciousness. They reflect the part that all Americans black and white, native born and immigrant, Hispanic, Asian, and Native American, poor and wealthy have played in creating the nation's character.

"Patriotic in the best and broadest, nonpartisan, and large-spirited sense." -- Booklist "The American Reader is a splendid collection of the words and sentiments that have shaped our nation. It belongs in every American home." -- E. D. Hirsch, author of "Cultural Literacy" "This unique multicultural patchwork of political and literary American writings--some famous, some virtually unknown--is a treasure." -- "USA Today" "Far more than a marvelous collection of text and images, Ravitch's anthology is also a journey through the American democratic experience. And by showing us the contributions diverse Americans have made to articulating our common democratic ideals and to our efforts to live up to them, Ravitch has provided a sourcebook of unity for our teeming Nation of nations." -- Albert Shanker, former president, "American Federation of Teachers" About the Author Diane Ravitch, a historian of education, is Research Professor at New York University, holds Brown Chair in Education Studies at the Brookings Institution, and is a Fellow at the Manhattan Institute. A former Guggenheim Fellow and recipient of many awards, she is also the author of the recent book Left Back: A Century of Failed School Reforms.
