This makes it very interesting and an easy read.By MilleThis book is very informative and provides a positive view of aging. The author includes several personal stories as well as stories about some of his patients. This makes it very interesting and an easy read.0 of 0 people found the following review helpful. A first rate prescriptionBy Ronald R. CavanaghNo onw over the age of 65 should go without reading this book. The people are real the lessons are importnt and the advice is given in low key convincing manner. Since we all have to do it if were lucky it good to be prepared. Read the book, you will learn from it and enjoy. Ron Cavanagh

Melding a scientist's passion for truth with a humanist's understanding of the heart and soul, "How We Die" creates a wise, frank, and inspiring book about the ultimate stage of life's journey.
