Sun Tzu : The Art of War before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of War:

405 of 418 people found the following review helpful. It is a book meant for good. By Customer I want to tell future readers of this book in this way. I read it first when I was 14 or 15. I thought it was a book on how to smartly fight a war. Then I re-read it when I was 28 and it occurred to me that it may be an instruction book on how to navigate an honorable life. Years passed and I recently found it at the bottom of a box in my closet. I read it again at age 56. I realized it has more to offer. If you read this book, you will actively have to replace Sun Tzu's ancient terms and placement of hierarchy and apply them to modern situations and people. Family, bosses, neighbors, employees and the list goes on. It is my belief that this "manual" can help solve minor and major disruptions in life if used correctly. It is a book meant for good. 0 of 0 people found the following review helpful. Success through the ages By Ritac Flipping through it I glean bits and pieces of an organized mind. I can easily understand why this book has existed for more than 2000 years. My intention is to read it a little at a time so that I absorb some of the philosophy. I am not interested in war but I am interested in how men think and plan, this should be an excellent guidebook. 2 of 2 people found the following review helpful. GoodBy Unknown Outlines Sun Tzu in plain English. Highly recommended.

This is the complete text of The Art of War, one of the oldest and most successful books on military strategy in the world. It has also been applied to business and managerial strategies. The translation, by Lionel Giles, is considered one of the best available. This unabridged edition of The Art of War includes only the most essential translator's notes so that the words and thoughts of Sun Tzu may be easily understood.

From Publishers Weekly This new translation of the ancient Chinese military treatise includes chapters of historical analysis touching on its relevance to today's corporate environment. Copyright 1994 Reed Business Information, Inc. "The Art of War is among the greatest classics of military literature ever written. Sun Tzu warfare is as applicable today as when the book was written some 2,500 years ago....Pick up The Art of War and read it."--General A.M. Gray, Marine Corps Gazette "As a reflection of the Chinese mind, this little work is as relevant as any Confucian classic."--The Times (London) "Westerners have dozens of books to choose from if they want to learn about Japanese philosophy and military tactics....But when the Japanese, especially those in business, want information on the subject, many turn to an ancient Chinese, not Japanese, military manual, The Art of War....Shows managers how to be fearless in resolving conflicts."--Boardroom Reports "Shows managers how to be fearless in resolving conflicts."--Boardroom Reports "A brief tract on strategy that has been admired in China for centuries. Some of Mao Tse Tung's most eloquent thoughts are merely rehashes of Sun Tzu and his interpreters."--The Los Angeles Herald Examiner "Samuel Griffith's original and scholarly translation of The Art of War shows how good scholarship can make an easily readable translation that is much more useful to modern readers." --The Philadelphia Inquirer Language Notes Text: English (translation) Original Language: Chinese
